- Why is this week's topic important for teamwork?

Leadership plays a major role in teamwork, when it comes to how we affect one another. If we do not have good leaders we could lose a lot of productivity, but the inverse is true as well.

- How do plan on contributing to the team, besides completing your tasks?

I will actively try to be a good leader. I know I am taking on the role of getting things done, so I need to make sure I am helping not hurting.

- How does your experience relate to other experiences you have had?

I have had an experience when I was working at the sprinkler store, I had two managers. One was down to Earth worked hard and inspired me to do better. The other was lazy and just sat around. I found my motivation significantly better with the first manager because he was a leader.

- How does your experience relate to other classmates' experiences?

I know others have also had experiences with good and bad leaders in the workplace, It is up to me to learn from my experience to be able to be like the people in my classmates good experiences.

- How would you relate this week's topic to the gospel?

I would simply relate the need of Good leaders and what it takes to be a good leader to how Jesus Christ led and how we can

apply that to our callings in church and to just help others in general.
